### About This Content

Welcome to Age of Empires II HD: The Forgotten; the first new official expansion for the Age of Empires II universe in over ten years. Challenge friends with five additional civilizations and technologies, battle through seven campaigns, vanquish opponents in new game modes on massive maps, or shoutcast a match and stream it all through twitch.tv.

Crafted exclusively for Age of Empires II: HD Edition; The Forgotten expansion builds upon the Age of Empires II: HD experience and includes Steam workshop support, steam trading cards, and more!

Explore a host of new features with Age of Empires II HD: The Forgotten including

- Five New Civilizations
  - Italians - Set sail to Venice and take the role as general in one of the Italian republics that emerged from the chaos after the collapse of the Roman Empire!
  - Indians - Put vast armies under your command, comprised of countless Camels and powerful Elephants.
  - Slavs – Even after the dissolution of the Mongolian Golden Horde, these icy plains of Eastern Europe still echo under the thundering hooves and countless boots of your soldiers.
  - Magyars - Lead the mighty Black Army over the Hungarian plains and command the fiercest cavalry forces that Europe has ever witnessed in the Middle Ages.

- 
- Incas - Lead your armies along the shores of Lake Titicaca, defend your wealth and heritage from the invading Conquistadors and erect mighty structures to withstand the test of time.
  - Seven new Campaigns
    - Alaric: The trauma of the Hun invasion in the 4th century has shaped Alaric, the fearsome warrior king of the Goths. But can the beloved king secure a new homeland for his people in the territory of the collapsing Roman Empire?
    - Sforza: Always hungry for glory and wealth, Sforza wanders around 15th century Italy, offering his services to the highest bidder. Will he pick the right battles or make the wrong enemy? Take the fate of the young mercenary captain in your hands.
    - Bari: 400 years after the collapse of the Roman Empire, Italy is still up for grabs. Relive the tale of the port city Bari from the point of view of a Byzantine family, rising from the common soldiery to the nobility. Beware, for not only Bari is at stake, but also control of Southern Italy.
    - Dracula: History forged an incredible legend around the man who ruled Wallachia in the mid-15th century. Holding his ground against the vast armies of the expanding Ottoman Empire, his cruel tactics made him the most feared man in all of Eastern Europe. Shall his thirst for blood and the loyalty of his soldiers hold the Turks back for good?
    - El Dorado: Join Francisco Orellana and Gonzalo Pizarro on their quest to find El Dorado, the legendary Lost City of Gold, thought to be hidden somewhere in the vast Amazon rain forest. Will their quest along the Amazon river lead to lifelong prosperity or will they drown in their sorrow?
    - Prithviraj: As the 12th century comes to a close, India is divided between the ruling Rajput clans. One of them, the Chauhans, have just been blessed with a new king. His name is Prithviraj and his determination to unite the rival states is unprecedented. But what happens when he falls in love with the daughter of his enemy? And does he have the strength to stop a full-scale Muslim invasion from the west?
    - Battles of the Forgotten: Time has faded the names of many of the greatest leaders ever known. During their age they were famed for their fierceness on the battlefield, their just rule and their quest for power. Witness the path to glory of Richard the Lionheart, Minamoto no Yoritomo, Sultan Osman Ghazi, Khosrau and many more.
  - New LudaKRIS map size
  - Twitch.tv streaming integration
  - Spectator mode
  - New Game Modes
    - Treaty - Popularized in later titles, the economically focused “Treaty” gametype will be available in AoF. Also commonly known as “No Rush”, Treaty mode enables a limited duration of battle-free early growth before focusing on military might.
    - Capture the Relic - For a quick paced, action oriented battle the new “Capture the Relic” will see players rushing with their monks to take control of a single treasure and return it safely to base.
