mistero a villa milaflora

It's Summertime and you know what that means,
Gonna head down to the beach and do some beachy things.
It's Summertime, it feels just right,
Gonna gather all my friends and we'll party through the night.

Also, this is a terrible game, so for the love of god, do not purchase. Go buy the Monkey Island games instead.

I bet you just have to have that ticket though, don't you. DON'T YOU!. Boring story + weak art - romantic = The Girl on the Train. It does have easy achievements, and there is a patch to unlock sexual content, but it's also very dull. There is nothing interesting for people who enjoy kinetic/visual novel.. It's got a hell of a lot of problems, but it's also really fun to play. Can't wait til they fix some of the stuff that's wrong with it. Like if you could load saves that would be lit.. It is playable and buyable with the bundle.. small wine balance spoiler at the end, helps if you have difficulties in starting your game and need a way to get decent reviews a bit faster, proceed with caution**

One of the best early access games i have played in a while, and getting better every time. The devs are really active and read (and implement if possible) the suggestions.

So basically you are responsible for making wines, by growing your grapes and managing the amount of foliage depending on the weather. Then it comes down to making the wine and you have some variables to play with in order to find your perfect wine balance. Some reviews say that this is a bit difficult at first, but that is what makes the game challenging. I'd suggest writing a list with wines to see what brings great reviews, and tweak to find what works!

I have played around 10 hours so far, and gone bankrupt a couple of times, and got rich beyond belief as well. At this moment the game gets a bit repetitive once you 'made it' and find the right balance of 1 specific wine. The easy way to get past that is to diversify into different wines, where the learning curve starts all over. I would definitely recommend this game to anyone. It looks amazing (really clean design, and intuitive UI), its challenging and rewarding, and the devs are doing a really great job in improving the game with great pace!

Don't hesitate any longer, its worth your money for sure and already very polished and unbugged!

** Here's that spoiler incoming**

** You sure??**

** Its gonna be 5 star white wines...**

** good luck! :) **

For those that want a head start, aim for all 5's or 6's with a chardonnay and you will be good... Personally, I find this game somewhat fun. I bought this for me and 2 friends and we play for awhile and had some good fun. There is a kinda a lack of content and not much is ever added. This game is really boring singleplayer, but with friends it becomes enjoyable so I recommend this game.. If you like Y8 games, then this game is for you.

. What it is: a top-down graphics visual novel. Why I like it: some seriously good science fiction writing.

I'm a big fan of these Space Pilgrim games. Play the previous ones if you haven't yet! And then get pumped for the Academy games! The characters are really well written. I rarely expect much from adolescent characters other than one of two personalities: spunky or shy. But these characters have some real variety of personalities and the stories (and the hijinks they get up to!) are really great. A few of the sidequests feel a little like padding at the time, but ultimately everything has a purpose and serves the plot.

One important word of warning: this is not a game suitable for kids. Without giving too many spoilers, there are acts of terrorism, gunshots, and moments of danger for adolescent characters that adolescent players might find disturbing. It feels weird to give these warnings because the majority of the game is like a young adult novel, incorporating youthful hijinks, politics, school politics, and philosophy about whether androids have souls. It's that kind of sci-fi.

tl;dr fun game, good sci-fi story, 10/10 recommend

WARNING THIS GAME WAS SOLD IN A 3 GAME SET OF THE SAME TYPE AND IT IS UNBLANCED IN GAME PLAY!

I do not recomand this game it play just fine but i played a single player game and the first two are training mode but the 2nd TRAINING mod is so hard to beat i never got past it too even enjoy the full game and if you don't you cannot play the story mode. YOU BUY A GAME AND DON'T EVEN GET TO PLAY THE FULL GAME BECAUSE OF BY DEFULT IF YOU DON'T GET PASS THE TRAINING MODE YOUR PUNISHED AND CAN NOT ENJOY THE REST OF THE GAME! I guess it would not matter any was this game is so unblanced the end of the 2nd training mode you over ran by 5 or more zombies and a small room and you die every time. WHAT A JOKE ON THE PLAYER PAY FOR A DEMO NOT A GAME!. if you hate good games this is the game for you. Great game 9/10

Bring me back to my childhood, but there is a lot of bug.

personaly the jumping was very buggy and inconsistent.

but other than that, Amazing game. Great So Far Limited access to units in multiplayer currently (no vehicles at this time) but well balanced and fun.

Will update. 3V08V2015. This game is a waste of time. This is the only game I ever returned for a refund. It teaches you very little about the guitar. Go spend your money on Rocksmith 2014 instead.. been playing this game for a while now including the other mods like (Modern Combat, Europe at war and great war mod etc) and recently whenever i play COH it loads but then freezes at main menu ??????????????????????????????. Yet another brilliant entry in the entire series. I seriously couldn't get enough of these. I was actually really thrilled to create a second character and run through a similar storyline. Can't wait to read the rest! 8/10
